VERSION HISTORY

Rev 01/14/16 Release of Instructions for Applicants

1. INTRODUCTION

The Cancer Prevention and Research Institute of Texas (CPRIT) Application Receipt System (CARS) provides a means for the product development community (ie, applicants and Application/Authorized Signing Officials [ASOs]) to respond to CPRIT funding opportunities electronically over the Internet through a secure connection. This document provides instructions and guidance to applicants on how to successfully submit an application in response to CPRIT's Requests for Applications (RFAs) for FY16 Cycle 2. Applications may be submitted from January 14, 2016, through February 25, 2016.

2. SUMMARY INSTRUCTIONS

- **Technical Support:** Applicants are strongly advised to carefully read this document in its entirety before starting an application. The CPRIT HelpDesk ([section 17.1](#)) is available to answer technical questions and guide applicants with application submission. This *Instructions* document will be updated as necessary. Revisions will be listed in the *Revision History*.
- **System-Supported Browsers and Versions:**
 - Google Chrome (Mac and Windows) 46.0.2490 & higher
 - Firefox (Mac and Windows) 41 & higher
 - Internet Explorer, versions 10 & higher

Note: CARS is not compatible with mobile technology (eg, Surface Pro, iPad). It is recommended that applicants use a PC to complete the application submission process.

- **User Accounts:** The applicant and an ASO (a person authorized to sign for the organization) will each need to create user accounts in CARS. These are 2 different roles, and an account for each is required in order for an application to be submitted. If your company is not listed in the dropdown menu, please email the HelpDesk (contact information in [section 17.1](#)) and provide your company name; this information will update in the system within 24 hours. The same person may serve as both the applicant and the ASO; however, a separate account (with a separate user name and password) must be set up for each role. An application cannot be submitted without ASO approval.

- **Document Format for Uploaded Files:** Use Portable Document Format (PDF) only.
 - Do NOT password protect documents.
 - Do NOT submit documents that are bound together in a single PDF package.
- **Font Type/Size:** Arial (11 point), Calibri (11 point), or Times New Roman (12 point).
- **Page Format:** Single spacing, 0.75-inch margins in all directions.
- **Templates:** The application template named “Product Development Programs: Biographical Sketches” located in the *My Applications: Summary* tab should be used.
- **Submission Process:**
 - The applicant completes all sections except Tab 6. The system then automatically sends an email forwarding the application to the ASO for review and final submission to CPRIT.
 - The application must be submitted using the ASO account on or before February 25, 2016, 3 PM central time.
 - **Note:** CARS will be unavailable the third Thursday of each month between 7 PM and 9 PM central time for routine system maintenance.
- **Tab Finalization and Reset:**
 - Application information saved as “draft” can be edited at a later time. Once application information is “finalized for ASO approval,” it can be edited only after an ASO has reset the section to draft mode at the request of the applicant.

3. APPLICATION SUBMISSION DEADLINE

The application must be submitted on or before February 25, 2016, 3 PM central time.

4. APPLICATION PREPARATION AND SUBMISSION PROCESS

- The applicant completes/finalizes a series of numbered tabs of the application.
- Finalized tabs can be reset by the ASO.
- Once all tabs are finalized, the ASO reviews, approves, and submits the application to CPRIT.

5. USER REGISTRATION

Applicants begin the application process by registering or logging into CARS at <https://cpritrgrants.org>. New applicants should remember to set up both an applicant account and an ASO account at this time. Upon successful login to the system, the applicant will be presented with the *My Applications* page screen shown below:

The screenshot shows the 'My Applications' page. At the top left is the logo of the Cancer Prevention & Research Institute of Texas. To the right are links for Home, Help Desk, Guide, FAQ, and Log Out. A navigation bar includes 'My Profile', 'My Applications', 'Bridge', 'My Grants', 'Manage Organizations', 'Current Funding Opportunities', and 'Feedback'. Below this bar are buttons for 'Application List' and 'Start New Application'. The page is titled 'My Applications' and contains a section for filtering applications. The filter section includes dropdowns for 'Show All Applications' and 'Show All My Roles', radio buttons for 'Since FY' (selected) and 'Only For FY', a 'FY 2010' dropdown, and checkboxes for 'With Status of' (Draft, Pending ASO Approval, Pending Responsiveness Review, ASO Approved and Submitted, Deleted/Withdrawn). A 'Refresh List' button is also present. Below the filter section is a table with columns: Application ID, Type, Title, Applicant, My Role, Due Date, Status, Funding Status, and Actions.

All previously submitted applications by the applicant are listed on this page. After initial registration or after login, all users are encouraged to complete/verify the information under the *My Profile* link on the top left corner of this screen.

6. STARTING A NEW, RESUBMISSION, OR RENEWAL APPLICATION

6.1. Starting a New Application

New applications can be started in 1 of 2 ways:

1. My Applications (this is the default post-login page) → click “*Start New Application*” → “*FY 2016 Product Development Programs*” → select the appropriate RFA → click “*New Application*” or
2. Current Funding Opportunities → click “*FY 2016 Product Development Programs*” → select the appropriate RFA → click “*Start New Application*”

Upon starting a new application, applicants are required to enter the title of the application (160-character limit, including spaces; can be edited later) and select the submitter role. Do NOT use symbols or special characters (eg, Greek letters, bullets)—these will not be transmitted correctly.

Applicants are advised to carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

6.2. Starting a Resubmission Application

- Resubmissions can be started from the *My Applications* page by clicking the “*Start Resubmission Application*” link of a previously unfunded application. An application previously submitted to CPRIT within the last 2 years (after February 1, 2014) but not funded may be resubmitted once and must follow all resubmission guidelines (see section 10.4.7 of the Product Development RFAs). **An application last submitted (including resubmission) before February 1, 2014, may be submitted as a new application, even if it was previously resubmitted.** It is expected that significant progress will have been made on the project; a simple revision of the prior application with editorial or technical changes is not sufficient, and applicants are advised not to submit an application with such modest changes.
- An application is considered a resubmission if the proposed project is the same project as presented in the original submission. A change in the identity of the applicant or company representative for a project that was previously submitted to CPRIT does not constitute a new application; the application would be considered a resubmission. In addition, the application is a resubmission only if the previous application was finalized and submitted; the application is not a resubmission if the previous application was left as draft.
- Upon starting a resubmission application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select

the submitter role. Do NOT use symbols or special characters (eg, Greek letters, bullets)—these will not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page. **Note:** Only the title of the previously submitted application is prepopulated for a resubmission application. All other information, including that for the Coapplicant, collaborators, Conflicts of Interest (COIs), and all required documents must be submitted afresh.

Carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

6.3. Starting a Renewal Application

Refer to section 8.3 of the Product Development RFAs. Renewals can be started from the *My Applications* page by clicking the “*Start Renewal Application*” link of a previously funded application.

Upon starting a renewal application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select the submitter role. Do NOT use symbols or special characters (eg, Greek letters, bullets)—these will not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page.

Note: Only the title of the previously submitted application is prepopulated for a resubmission application. All other information, including that for collaborators, and all required documents must be submitted afresh.

Carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

7. STATUS DISPLAY

7.1. Tab Status

The status of each tab is displayed under the row of numbered tabs. The figure below is an example of the status of Tab 1.

The screenshot shows a navigation bar for 'My Applications: Summary'. It contains a row of tabs: 'Summary', 'Contacts 1', 'Application Information 2', 'Collaborators & COIs 3', 'Required Documents 4', 'Budget 5', and 'Final Review & Submit 6'. Below the tabs, the 'Application ID: RP120039' and 'Phase: Full Application' are displayed. On the right side, the status is shown as 'Status: DRAFT', which is circled in red in the original image.

Status	Status Definition
DRAFT	The tab is being prepared by the applicant.
PENDING ASO APPROVAL	The tab has been finalized by the applicant. When all tabs are finalized and reflect this status, the ASO will receive email notification stating that the application can be reviewed/submitted. The applicant is included on this notification.

9. TAB 1: CONTACTS

- **Applicant:** Verify information for the applicant; update as necessary.
- **Coapplicant (Optional):** If desired, 1 coapplicant may be designated on the application. For the Product Development program, a coapplicant is an individual(s) designated by the applicant organization to have the appropriate level of authority and responsibility to direct the project or program to be supported by the award. If so designated by the applicant organization, coapplicants share the authority and responsibility for leading and directing the project, intellectually and logistically. When multiple applicants are named, each is responsible and accountable for the proper conduct of the project, program, or activity, including the submission of all required reports. The presence of more than 1 applicant on an application or award diminishes neither the responsibility nor the accountability of any individual applicant.

To designate a coapplicant, do the following:

- Click the “Search for Coapplicant” button.
- Enter information, and click the “*Search Contacts*” button.
- If the individual is listed on the subsequent search results page, that individual may be added to the application via the *Add Contact* link.
- If the individual is not listed, different search criteria may be used; for example, using the last name only as well as spelling variations. Alternatively, invite the individual to register in CARS and be part of the application by clicking the “*Send Them an Invitation*” link. On the subsequent page, complete the fields, and click the “*Send Invitation*” button. When this individual joins the application as a coapplicant, his or her information will be listed in the appropriate section of the tab.
- Change or remove an individual by clicking the appropriate button.
- **Alternate Submitter (Optional):** If an alternate submitter is to be designated on the application, click the “*Search for Alternate Submitter*” button. Follow the search guidelines above.
- **Application/Authorized Signing Official:** The ASO is an individual authorized to submit an application on behalf of an organization. An ASO is required and must be

identified by the applicant. The ASO role may also be filled by the applicant using a separate account.

As the organization's representative, the ASO is required to review the tabs finalized by the applicant and submit the application. Only the ASO is authorized to officially submit the application to CPRIT. The ASO can reset applicant-finalized tabs to draft mode at the request of the applicant.

An ASO must be listed in order to complete/finalize this tab. Click the “*Search for Application Signing Official*” button. Follow the search guidelines above.

- **Alternate Application/Authorized Signing Official (Optional):** This individual can be assigned only by the ASO. Follow the search guidelines above.
- **Grants Contract/Office of Sponsored Projects Official:** The Grants Contract/Office of Sponsored Projects Official is the individual who will assist the ASO in managing the grant contract if an award is made. This role may be filled by an individual also serving as the applicant and/or the ASO or by a separate individual. The applicant assigns this individual to this role.

A Grants Contract/Office of Sponsored Projects Official must be listed in order to complete/finalize this tab. This individual is assigned by the applicant. Follow the search guidelines above.

Note: For each individual on this tab, please provide a direct phone number (with extensions, if applicable) and include a cell number as an alternate phone number. Please do not include main phone numbers that require navigation through a directory menu.

When all information is entered, click “*Finalize Contacts Section.*” Note that this tab cannot be finalized until the 3 required fields of this section—namely, “Applicant,” “Application/Authorized Signing Official,” and “Grants Contract/Office of Sponsored Projects Official”—have been completed. Applicant information is entered automatically; the ASO and Grants Contract/Office of Sponsored Projects Official are identified and added by the applicant.

10. TAB 2: APPLICATION INFORMATION

In the past, applications that have been scored poorly have been criticized for assuming that assertions could be taken on faith.** Convincing data are much preferred. 12.12. Upload the Biographical Sketches of Key Scientific Personnel (PDF format)

- **RFA section reference:** section 10.4.11 (TXCO, RELCO)
- **Page limit:** 8-page maximum
- The template named "Product Development Programs: Biographical Sketches," located in the *My Applications: Summary* tab should be used. Up to 4 biographical sketches (up to 2 pages each) of key scientific personnel should be included as a combined PDF document of up to 8 pages total. Biosketches must not exceed 2 pages for each individual. If 2 biosketches are being provided, these must be combined into a single file and submitted as a single PDF document, ie, a 4-page document consisting of two 2-page biosketches.
- Key personnel are the principal investigator/project director as well as other individuals who contribute to the development or the execution of the project in a substantive, measurable way. "Substantive" means they have a critical role in the overall success of the project and that their absence from the project would have a significant impact on executing the approved scope of the project. "Measurable" means that they devote a specified percentage of time to the project. The indicated time is an obligatory commitment, regardless of whether or not they request salaries or compensation. "Zero percent" effort or "TBD" or "as needed" are not acceptable levels of involvement for those designated as key personnel. While all participants that meet these criteria should

be identified as “key,” it is expected that the number of key personnel will be kept to a minimum.

- The following are examples of key scientific personnel: Chief medical officer, senior scientist, and scientific advisor. If the president and/or chief executive officer have significant involvement with the scientific direction of the company, it may be appropriate to include them as key scientific personnel.
- The following examples are NOT key scientific personnel: Chief operating officer, chief financial officer, regulatory specialist, project manager, and intellectual property consultant. Biographical sketches for such individuals should not be included in this upload. Instead, the qualifications of key, nonscientific personnel are to be described in section H of the Business Plan, which is included in section 10.4.10 of the TXCO RFA and section 10.4.9 of the RELCO RFA.

12.13. Verify and Finalize Required Documents for ASO Approval and Submission

When all information is entered, click the “*Finalize Required Documents*” button.

13. TAB 5: BUDGET

This tab should include only the amount requested from CPRIT; do NOT include the amount of the match.

The Budget Section is composed of 4 subtabs that must be completed:

1. Budget for All Project Personnel
2. Detailed Budget for Year 1
3. Budget for Entire Proposed Period of Performance
4. Budget Justification

Each award mechanism allows for up to a 3-year funding program with an opportunity for renewal after the term expires. Financial support will be awarded based upon the breadth and nature of the program proposed. Requested funds must be well justified. Funding will be tranching and milestone driven.

Note: Some or all of the following buttons appear on each subtab:

Previous = Move to the previous subtab

Next = Move to the next subtab

Save Budget as Draft = Save entered information

Finalize Budget for ASO Approval = Finalize section

The *Previous* and *Next* buttons allow the user to move between subtabs while retaining entered information for as long as the user is on the *Budget* tab. Information entered on any subtab is NOT saved until the *Save Budget as Draft* button is clicked. Moving to another tab without saving will result in loss of any unsaved changes.

13.2. Detailed Budget for Year 1 (use text boxes/Web form provided)

13.3. Budget for Entire Proposed Period of Performance (use Web form provided)

This section should only include the amount requested from CPRIT; do NOT include the amount of the matching funds or the budget for the total project. Amounts for *Budget Year 1* will be automatically populated based on the information provided on the previous subtabs; namely, *Budget for All Project Personnel* and *Detailed Budget for Year 1*. Additionally, adjustments of up to a 3% increase in annual salary are permitted for Years 2 and 3 up to the cap of \$200,000. The salary cap ([section 13.5](#)) may be revised at CPRIT's discretion.

13.4. Budget Justification (PDF format)

Please specify your CPRIT-requested funds **and** other amounts that will comprise the total budget for the project, including the use of matching funds. Provide a brief and concise justification of the budget for the entire proposed period of support, including salaries and benefits, supplies, equipment, and other expenses. **Each subaward must itemize project costs for all cost categories.**

13.5. Salary Cap

The salary cap for CPRIT Awards in FY 2016 (September 1, 2015-August 31, 2016) is \$200,000. Thus, the maximum direct salary support that an individual can request is up to \$200,000 of his or her salary based on percentage of effort on a project. In other words,

- With 100% effort on the project, individuals with a salary of less than \$200,000 would request the entire salary amount.
- With 100% effort on the project, individuals with a salary of more than \$200,000 would request the salary cap of \$200,000.
- With 50% effort on the project, individuals with a salary of more than \$200,000 would request \$100,000.

The following table outlines the salary cap guidelines. Institutional fringe benefits should be calculated based on the direct salary support requested.

Base institutional salary (full-time calendar appointment)	Effort on project	Maximum direct salary support that would be requested by the applicant
Less than \$200,000	1-100%	Up to base salary
More than \$200,000 (eg, \$300,000)	100%	\$200,000
More than \$200,000 (eg, \$300,000)	50%	\$100,000

14. TAB 6: FINAL REVIEW AND SUBMISSION

When Tabs 1 through 5 have been completed and finalized by the applicant, the status of the application will be set to “PENDING ASO APPROVAL.” The ASO will then receive a notification email to review, approve, and submit the application to CPRIT. Only the ASO is authorized to officially submit the application. The ASO should log in to CARS and click the appropriate application ID number on the *My Applications* page. To submit the application, the ASO must enter his or her password and click the “*Approve and Submit Application*” button. The ASO will then be asked to click the “*Continue*” button to submit the application. After the application has been submitted, the status of the application on the *My Applications* page (and also on all tabs of that application) will be “ASO APPROVED AND SUBMITTED.” The ASO at the applicant’s institution must submit the application by the submission deadline: February 25, 2016, 3 PM central time.

15. TEMPLATES

In the FY 2016 Cycle 2, one template is provided: “Product Development Biographical Sketch” (https://cpritrants.org/Current_Funding_Opportunities/). This template is only to be used for the biographical sketches of key scientific personnel (see [section 12.12](#)).

16. FORMATTING INSTRUCTIONS

All sections of the application should be written in clear and comprehensible text and must follow the guidelines described below. Applicants are advised to use font sizes, font faces, line spacing, page sizes, and page margins that permit easy readability of the application text.

Applications that do not meet these guidelines are subject to administrative withdrawal.

Formatting guidelines for all submitted CPRIT applications are as follows:

- **Document type:** PDF
- **Language:** English
- **Font Type/Size:** Arial (11 point), Calibri (11 point), or Times New Roman (12 point), with the exception of reference lists, which may be provided in 8-point font to save space.

- **Page Size:** 8.5 x 11 inches
- **Margins:** 0.75 inch in all directions
- **Color and High-Resolution Images:** Any images, graphs, figures, and other illustrations must be submitted as part of the appropriate submitted document.
