Rev 04/28/14 Release of Instructions for Applicants

Rev 05/16/14 Updated Section 12, Tab 2: Project Information

- Revised the Contract Start Date to 12/1/2014
- Revised the Proposed End Date to 6 months and 3 years from 12/1/2014

1. INTRODUCTION

The Cancer Prevention and Research Institute of Texas (CPRIT) Application Receipt System (CARS) provides a means for the product development community (i.e., applicants and Application/Authorized Signing Officials [ASOs]) to respond to CPRIT funding opportunities electronically over the Internet through a secure connection. This document provides instructions and guidance to applicants on how to successfully submit an application in response to CPRIT's Requests for Applications (RFAs) for FY15 Cycle

1. Applications may be submitted from April 28, 2014, through May 29, 2014.

2. SUMMARY INSTRUCTIONS

- **Technical Support:** Applicants are strongly advised to carefully read this document in its entirety before starting an application. The CPRIT HelpDesk ([Section 19.1](#)) is available to answer technical questions and guide applicants with application submission. This *Instructions* document will be updated as necessary. Revisions will be listed in the *Revision History*.
- **User Accounts:** The applicant and an ASO (a person authorized to sign for the organization) will each need to create user accounts in CARS. These are two different roles, and an account for each is required in order for an application to be submitted. If your company is not listed in the dropdown menu, please call or e-mail the HelpDesk (contact information in [Section 19.1](#)) and provide your company name; this information will update in the system within 24 hours. The same person may serve as both the applicant and the ASO; however, a separate account (with a separate user name and password) must be set up for each role. An application cannot be submitted without ASO approval.
- **Document Format for Uploaded Files:** Use Portable Document Format (PDF) only.
 - Do NOT password protect documents.
 - Do NOT submit documents that are bound together in a single PDF package.
- **Font Type/Size:** Arial (11 point), Calibri (11 point), or Times New Roman (12 point).
- **Page Format:** Single spacing, 0.75-inch margins in all directions.

- **Templates:** The application template named “Product Development Programs: Biographical Sketches,” located in the *My Applications: Summary* tab or in the Current Funding Opportunities section must be used.
- **Submission Process:**
 - The applicant completes all sections (except Tab 6). The system then automatically sends an e-mail forwarding the application to the ASO for review and final submission to CPRIT.
 - The application must be submitted using the ASO account on or before May 29, 2014, 3 p.m., Central Time.
 - **Note:** CARS will be unavailable the third Thursday of each month between 7 p.m. and 9 p.m. Central Time for routine system maintenance.
- **Tab Finalization and Reset:**
 - Application information saved as “draft” can be edited at a later time. Once application information is “finalized for ASO approval,” it can be edited only after an ASO has reset the section to draft mode at the request of the applicant.

3. APPLICATION SUBMISSION DEADLINE

The application must be submitted on or before May 29, 2014, 3 p.m. Central Time.

4. APPLICATION PREPARATION AND SUBMISSION PROCESS

- The applicant completes/finalizes a series of numbered tabs of the application.
- Finalized tabs can be reset by the ASO.
- Once all tabs are finalized, the ASO reviews, approves, and submits the application to CPRIT.

5. APPLICATION/AUTHORIZED SIGNING OFFICIAL (ASO)

The ASO is an individual authorized to submit an application on behalf of an organization. An ASO is required and must be identified by the applicant. The ASO role may also be filled by the applicant using a separate account.

As the organization’s representative, the ASO is required to review the tabs finalized by the applicant and submit the application. Only the ASO is authorized to officially submit

the application to CPRIT. The ASO can reset applicant-finalized tabs to draft mode at the request of the applicant.

6. GRANTS CONTRACT/OFFICE OF SPONSORED PROJECTS OFFICIAL

The Grants Contract/Office of Sponsored Projects Official is the individual who will manage the grant contract if an award is made. This role may be filled by an individual also serving as the applicant and/or the ASO or by a separate individual. The applicant assigns this individual to this role.

7. USER REGISTRATION

Applicants begin the application process by registering or logging into CARS at <https://cpritgrants.org>. New applicants should remember to set up both an applicant account and an ASO account at this time. Upon successful login to the system, the applicant will be presented with the *My Applications* page screen shown below:

The screenshot shows the 'My Applications' page of the CPRIT Application Receipt System. The header includes the CPRIT logo and the text 'CANCER PREVENTION & RESEARCH INSTITUTE OF TEXAS Application Receipt System'. A navigation menu at the top contains links for 'My Profile', 'My Applications', 'My Grants', 'Manage Organization Agreements', 'Current Funding Opportunities', 'Feedback', 'Review Grants', and 'HelpDe'. Below this is a secondary menu with 'Administrati', 'Application List', 'Start New Application', and 'Reporting'. The main content area is titled 'My Applications' and includes a 'Filter Application List' section with dropdown menus for 'Show All Applications' and 'Show All My Roles', radio buttons for 'Since FY' (selected) and 'Only For FY', a 'FY 2014' dropdown, and checkboxes for 'With Status of:' including 'Draft', 'Pending ASO Approval', 'Pending Responsiveness Review', 'ASO Approved and Submitted', and 'Deleted/Withdrawn'. A 'Refresh List' button is also present. Below the filter section, a message states: 'A filtered list of your applications is displayed below. You can sort this list by clicking on any of the underlined table headings. To view all of your applications, you may need to adjust the filters in the above table and press the "Refresh List" button.' The table below has columns for 'Application ID', 'Type**', 'Title', 'Applicant', 'My Role', 'Due Date', 'Status', 'Funding Status', and 'Actions'.

All previously submitted applications by the applicant are listed on this page. After initial registration or after login, all users are encouraged to complete/verify the information under the *My Profile* link on the top left corner of this screen.

8. STARTING A NEW, RESUBMISSION OR RENEWAL APPLICATION

8.1. Starting a New Application

New applications can be started in one of two ways:

1. My Applications (this is the default post-login page) → click “*Start New Application*” → “*FY 2015 Product Development Programs*” → select the appropriate RFA → click “*New Application*” or
2. Current Funding Opportunities → click “*FY 2015 Product Development Programs*” → select the appropriate RFA → click “*Start New Application*”

Upon starting a new application, applicants are required to enter the title of the application (160-character limit, including spaces; can be edited later) and select the submitter role. Do NOT use symbols or special characters (e.g., Greek letters, bullets)—these will not be transmitted correctly.

Applicants are advised to carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

8.2. Starting a Resubmission Application

Resubmissions can be started from the *My Applications* page by clicking the “*Start Resubmission Application*” link of a previously unfunded application. More than one resubmission is not permitted. An application is considered a resubmission if the proposed project is the same project as presented in the original submission. A change in the identity of the Applicant or company representative for a project that was previously submitted to CPRIT does not constitute a new application; the application would be considered a resubmission. In addition, the application is a resubmission only if the

previous application was finalized and submitted; the application is not a resubmission if the previous application was left as draft.

Upon starting a resubmission application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select the submitter role. Do NOT use symbols or special characters (e.g., Greek letters, bullets)—these will not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page.

Note: Only the title of the previously submitted application is prepopulated for a resubmission application. All other information, including that for the Co-applicant, collaborators, Conflicts of Interest (COIs), and all required documents must be submitted afresh.

Carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

8.3. Starting a Renewal Application

Refer to Section 8.3 of the Product Development RFAs. Renewals can be started from the *My Applications* page by clicking the “*Start Renewal Application*” link of a previously funded application.

Upon starting a renewal application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select the submitter role. Do NOT use symbols or special characters (e.g., Greek letters, bullets)—these will

not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page.

Note: Only the title of the previously submitted application is prepopulated for a resubmission application. All other information, including that for collaborators, and all required documents must be submitted afresh.

Carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) **must** be completed/finalized before Tab 3 (*Collaborators and COIs*).
- Tab 2 (*Application Information*) **must** be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

- If preferred, the salary requested may be manually entered.
- A salary of \$0 may be entered for any listed individual. In such cases, the system will display a “warning” to notify the submitter of this amount. The tab can still be finalized with warnings. However, a “warning” must be addressed before a tab can be finalized.

Fringe Benefits: For each individual listed, institutional fringe benefits must be calculated based on the individual’s direct salary requested.

15.3. Budget for Entire Proposed Period of Performance (use web form provided)

Amounts for *Budget Year 1* will be automatically populated based on the information provided on the previous subtabs; namely, *Senior/Key Person and Other Personnel* and *Detailed Budget for Year 1*. Cost adjustments of up to a 3-percent annual increase for salary and other categories are permitted for additional years. A 3-percent salary increase for Years 2 to 3 is permitted up to the cap of \$200,000. The salary cap ([Section 15.5](#)) may be revised every year at CPRIT's discretion.

Estimated Revenue: Applicants should provide estimated revenue amounts and the source of estimated revenue. Estimated revenue should not be deducted from or added to the total requested budget.

15.4. Budget Justification (use text box provided)

Provide a brief and concise justification of the budget (15,000-character limit) for the entire proposed period of support, including salaries and benefits, supplies, equipment, and other expenses. **Each subaward must itemize project costs for all cost categories.**

Note: Do NOT copy and paste the text of the Budget Justification directly from Word or from Excel. First pass the text through a plain text editor (Notepad or Wordpad) to strip away formatting; formatting may be applied within the html text editor itself. Copying and pasting directly from Word is likely to result in undesirable formatting issues that may not be apparent until the information in this section is extracted and included in the completed version of the application PDF.

15.5. Salary Cap

The salary cap for CPRIT Awards in FY 2015 (September 1, 2014, through August 31, 2015) is \$200,000. Thus, the maximum direct salary support that an individual can request is up to \$200,000 of his or her salary based on percentage of effort on a project. In other words,

- With 100 percent effort on the project, individuals with a salary of less than \$200,000 would request the entire salary amount.
- With 100 percent effort on the project, individuals with a salary of more than \$200,000 would request the salary cap of \$200,000.
- With 50 percent effort on the project, individuals with a salary of more than \$200,000 would request \$100,000.

The following table outlines the salary cap guidelines. Institutional fringe benefits should be calculated based on the direct salary support requested.

Base institutional salary (full-time calendar	Effort on project	Maximum direct salary support that would be requested by the
Less than \$200,000	1–100 percent	Up to base salary
More than \$200,000 (e.g., \$300,000)	100 percent	\$200,000
More than \$200,000 (e.g., \$300,000)	50 percent	\$100,000

16. TAB 6: FINAL REVIEW AND SUBMISSION

When Tabs 1 through 5 have been completed and finalized by the applicant, the status of the application will be set to “PENDING ASO APPROVAL.” The ASO will then receive a notification e-mail to review, approve, and submit the application to CPRIT. Only the

18. FORMATTING INSTRUCTIONS

All sections of the application should be written in clear and comprehensible text and must follow the guidelines described below. Applicants are advised to use font sizes, font faces, line spacing, page sizes, and page margins that permit easy readability of the application text. Applications that do not meet these guidelines are subject to administrative withdrawal.

Formatting guidelines for all submitted CPRIT applications are as follows:

- **Document type:** PDF
- **Language:** English

- **Margins:** 0.75 inch in all directions
