- Extends CPRIT's electronic signature policy to include grant applicants.
- Currently, the policy explicitly applies to grant recipients.

Current Rulemaking Project

At its February 16, 2022, meeting, the Oversight Committee approved the release of proposed changes to existing agency rules.

If CPRIT takes equity in a grantee, the proposed amendment to § 703.17 would require the agency to specify in the grant contract any changes from standard grantee reporting requirements and associated consequences for a grantee failing to timely report. When CPRIT takes equity in a grantee, issues related to equity ownership may affect certain standard grantee reporting requirements, such as the schedule for the grantee to certify and verify its matching funds obligation.

Written comments may be submitted through April 4, 2022, to CPRIT's General Counsel, Kristen Doyle, by fax (512/475-2563); by email (kdoyle@cprit.texas.gov); or by mail to the Cancer Prevention and Research Institute of Texas, P.O. Box 12097, ATTN: Rulemaking Project, Austin, Texas, 78711.

The Oversight Committee expects to consider a final order that reflects the comments received on the proposed rule and any recommended changes at their meeting on May 18, 2022.

Recently Adopted Rule Changes

At its February meeting, the Oversight Committee also approved the final adoption of recent changes to § 703.26 that were initially presented at the November 18, 2021, meeting. The amendments to § 703.26 add parking as a reimbursable clinical trial participation cost, correct the statutory reference of the Cancer Clinical Trial Participation Program to Texas Health and Safety Code Chapter 51, and correct a grammatical error.

Beginning March 10, 2022, Texas Administrative Code Chapter 703 will reflect the recent rule amendments, which are also available [here](#).

FSR Review and Approval Process

FSR Required Supporting Documentation

Every Financial Status Report (FSR) must include a summary report of expenses generated directly from an accounting system or itemized on an **Excel spreadsheet**, as well as documentation to support grant costs paid during the current reporting period.

The report must contain the following information:

- **amount paid with expense totals broken down by category**

FSR Required Supporting Documentation

If the date paid is not found in the summary report, it should be noted on invoices.

A payment claimed for a period prior to the current period should be accompanied by an **Out of Period (OTP)** letter or memo explaining why the payment was not claimed in the appropriate period.

Acceptable OTP Explanation

Example A, the grantee has provided a clear explanation for why the expenses were not reported during the correct period

RE:

Dear ,

We request that charges for personnel services provided from outside the current reporting period be allowed to be reported during the reporting period 03/01/23-05/31/23.

Some employees had corrections for prior reporting periods. We have confirmed that these corrections are allowable and that the employee was authorized for the period paid.

Thank you very much for your consideration of this request.

With best regards,

VP Finance and Chief Accounting Officer

Unacceptable OTP Explanation

Example B, the grantee has requested that the OTP expenses be approved, with no explanation for why the expenses were not reported during the correct period

This is to request approval for expenses with invoice dates outside the current reporting period, but were paid within the period to comply with CPRIT policy on reimbursement

Maximum reimbursement

When a **state employee** is entitled to be reimbursed for payment of a hotel occupancy or similar tax and the lodging amount incurred exceeds the maximum allowable lodging rate, the following calculation methods for the tax reimbursement must be used:

If the tax is calculated as a percentage of the lodging rate, then the amount of the reimbursement is equal to the percentage multiplied by the maximum that may be reimbursed to the employee for lodging expenses.

Change - Not Otherwise Specified

* Change Request Details:

I am requesting to rebudget funds allocated to subcontracts to purchase a tissue homogenizer, ~\$6,700.

* Justification:

The remaining experiments require a greater degree of T cells to be recovered from tumors and lymph node tissues than possible from our past animal cohorts. For this reason, we require the equipment purchase of a homogenizer.
